

The Boy Who Knows the Time

Part 3 - The Final Interpretation

Many Intents

Since our sister in Christ had her dream about *The Boy Who Knows the Time* in 2019, we marveled about the exact timing that was given in her dream.

We understood that the dream was about the soon to be discovered Horologium clock. It had predicted exactly this discovery that we made in 2021. For us, **this fact is clear proof that the dream was given by God.**

But so far, all intents to decipher the exact time to the second that the Boy had given in the dream have failed.

The Dream, Again

Old Typewriters
July 9, 2019

In my dream, I had had a vision, and this was the vision.

I was in an antiquated office; it had typewriters that looked very old.

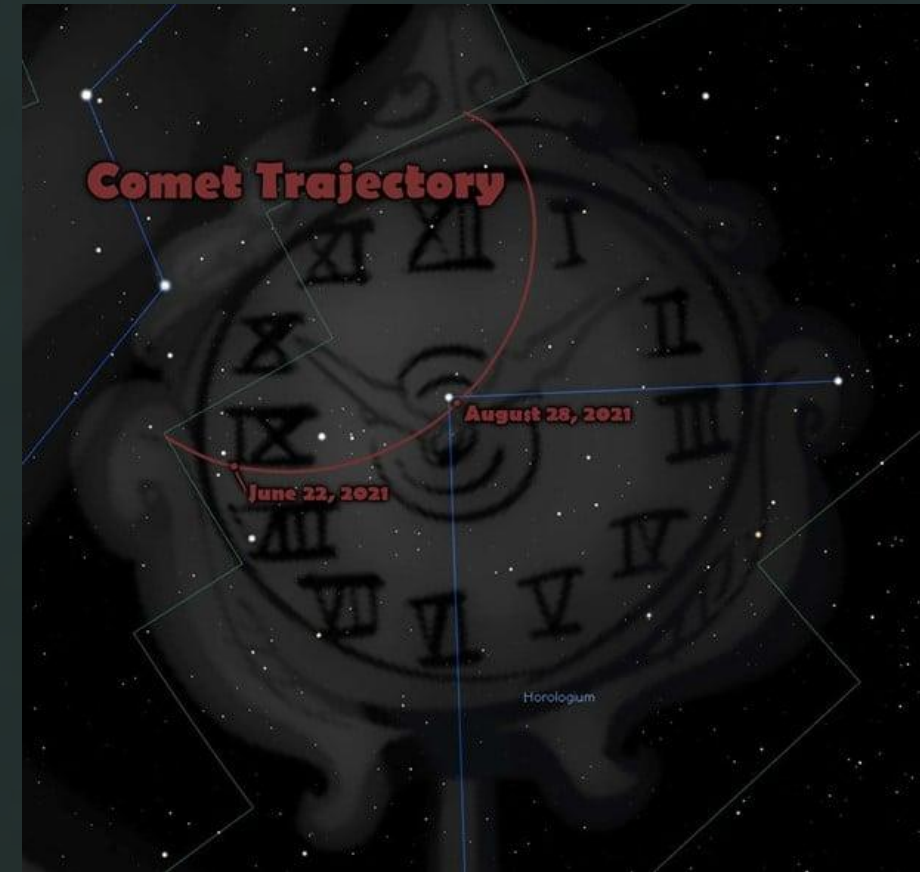

*Suddenly I turn and two keys that are joined by a ring are attracted to a rag, so it seems that under that rag there is a magnet. When I lifted it, it was not a magnet but a clock that marked 3, but I could not quite memorize the minutes—it seemed to be 10 minutes. I went down the stairs and asked someone to give me the time, and the person refused to give it to me, once again I asked a boy and he told me it is **3:13 and 43 seconds**, and in that moment, I woke up.*

The Great Comet

In 2021, we were intrigued by the entry of comet C/2014 UN271 (Bernardinelli-Bernstein) into the Horologium constellation to write several articles about this biggest comet ever discovered.

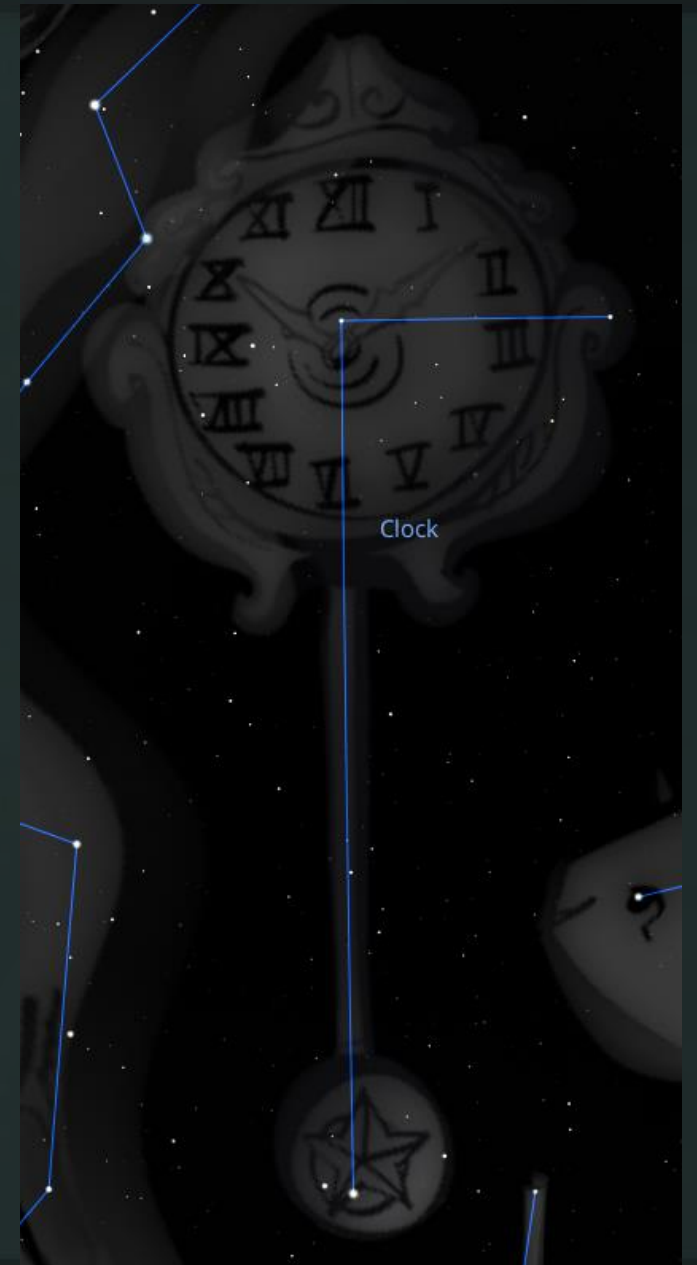

So far, we had not considered that there could be other clocks of God than the Orion and the Mazzaroth Clocks.

3 O'clock

“it was not a magnet but a clock that marked 3, but I could not quite memorize the minutes—it seemed to be 10 minutes.”

It is remarkable that the Horologium pendulum clock shows 3 o'clock with its star lines, while the minute pointer of the artwork shows about 10 minutes.

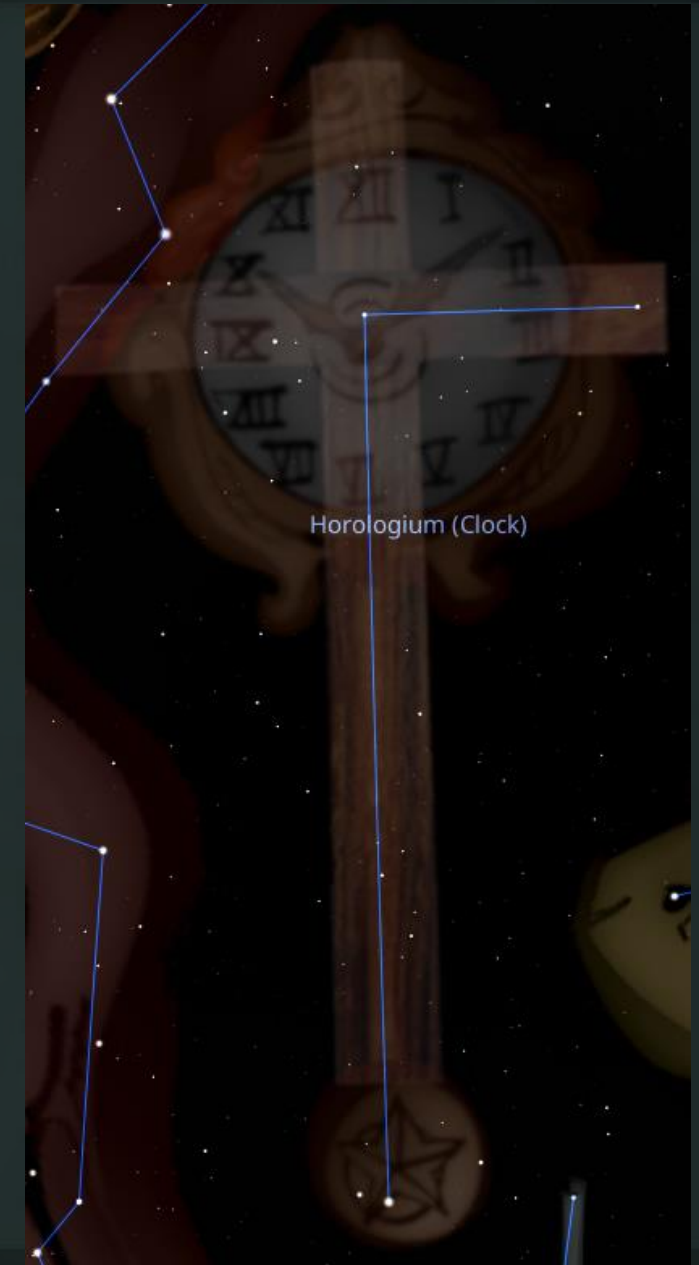

The Hours of the Cross

We recognized that the clock was showing important times of Jesus' crucifixion...

6 o'clock when the morning judgments had begun, and 3 o'clock when Jesus gave up His Spirit.

Therefore, we began to see the importance of the dream in relation to Jesus' second coming.

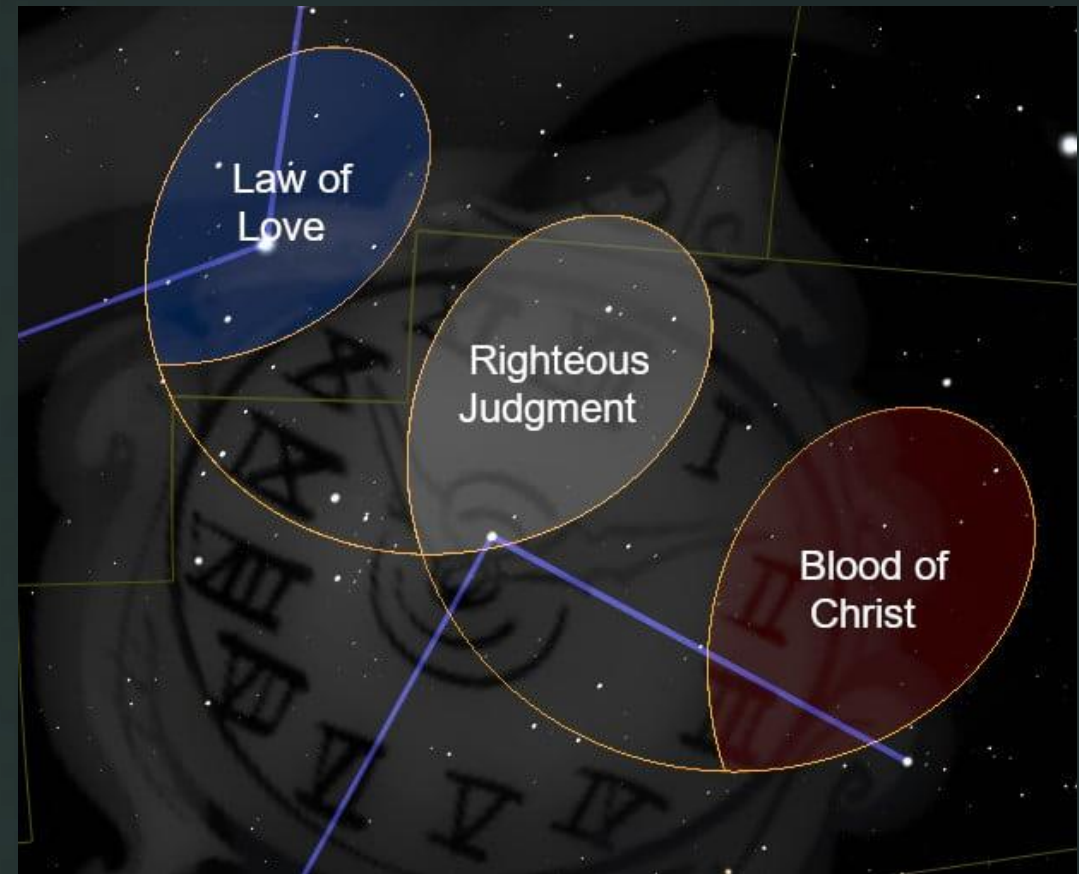

Time Went By

Faithfully, we reported about the year loops that comet BB formed between 2021 and 2023, always more anxious to see the second coming fulfill in one of the loops, especially the last one.

But BB left the Horologium without Christ having manifested Himself in the opportunities when BB was at or near the 3 o'clock pointer.

We saw the leaves of the tree of life withering, but winter came and we weren't saved.

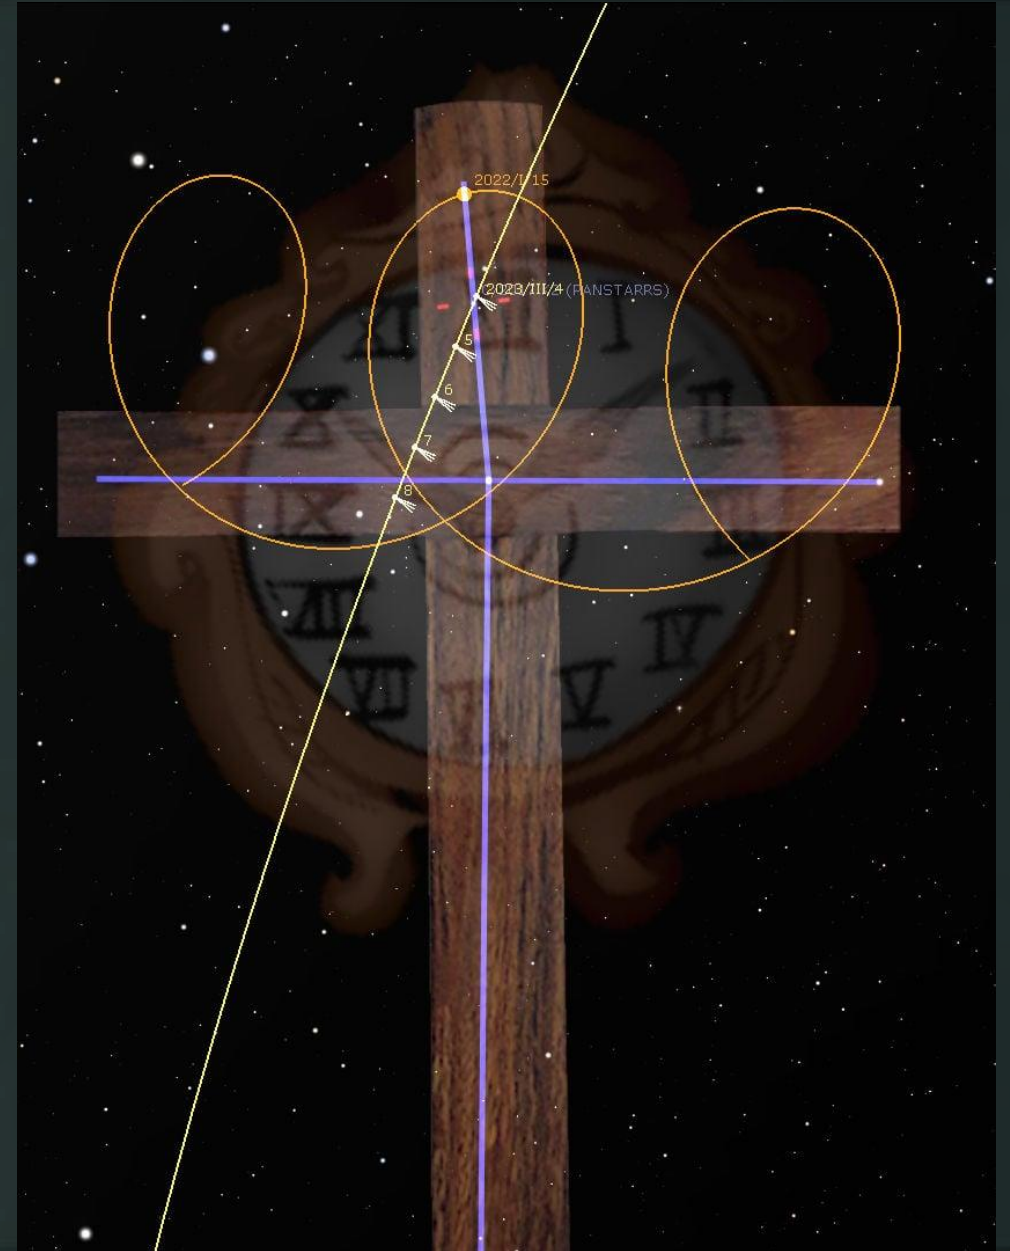

Another Comet

Suddenly, at the end of February 2023, the last year of BB in the Horologium, we gained hope when we saw another huge comet entering the Horologium: C/2017 K2 (PANSTARRS).

Would it regrow the leaves of the tree of life and show 3:13:43?

Unfortunately, it did not even touch the 3 o'clock pointer and already left the constellation in April 2023.

The Sign of the Son of Man

Then something marvelous happened: Another big comet C/2022 E3 (ZTF) also entered the Horologium, but even more remarkably...

Together with K2 it formed the shape of a huge fish in the heavens and the signature of Alpha and Omega.

No doubt! What we had discovered must have been the sign of the Son of man and the sign of Jonah!

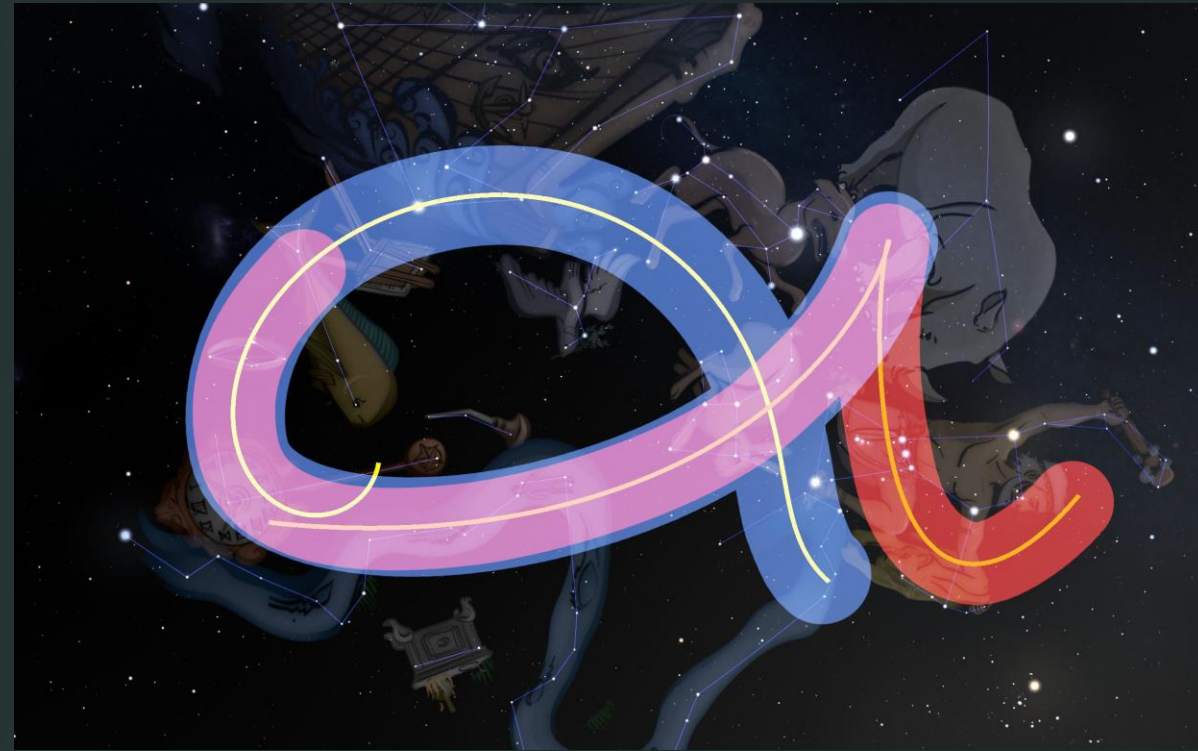

The Great Fish

E3 entered the Horologium in January 2024 while K2 was starting its trajectory in Orion.

We thought the great fish would have fully formed, even with its smiling mouth on May 28, 2024, (touching Jesus' resurrection anniversary), when E3 struck the 6 o'clock pendulum for the second time.

But was this 3:13:43? The time passed and we were disappointed once more.

New Hope for Our Hearts

On Jesus' crucifixion anniversary on May 25, 2025, another comet that had made headlines, C/2024 G3 (ATLAS), would pass through the Horologium constellation, which indeed seemed to be **a great magnet** because it attracted so many comets.

Moreover, it had formed the "Heart of the Father", crossing three symbols for the Cross of Jesus in heaven, even there where Sgr A* is located.

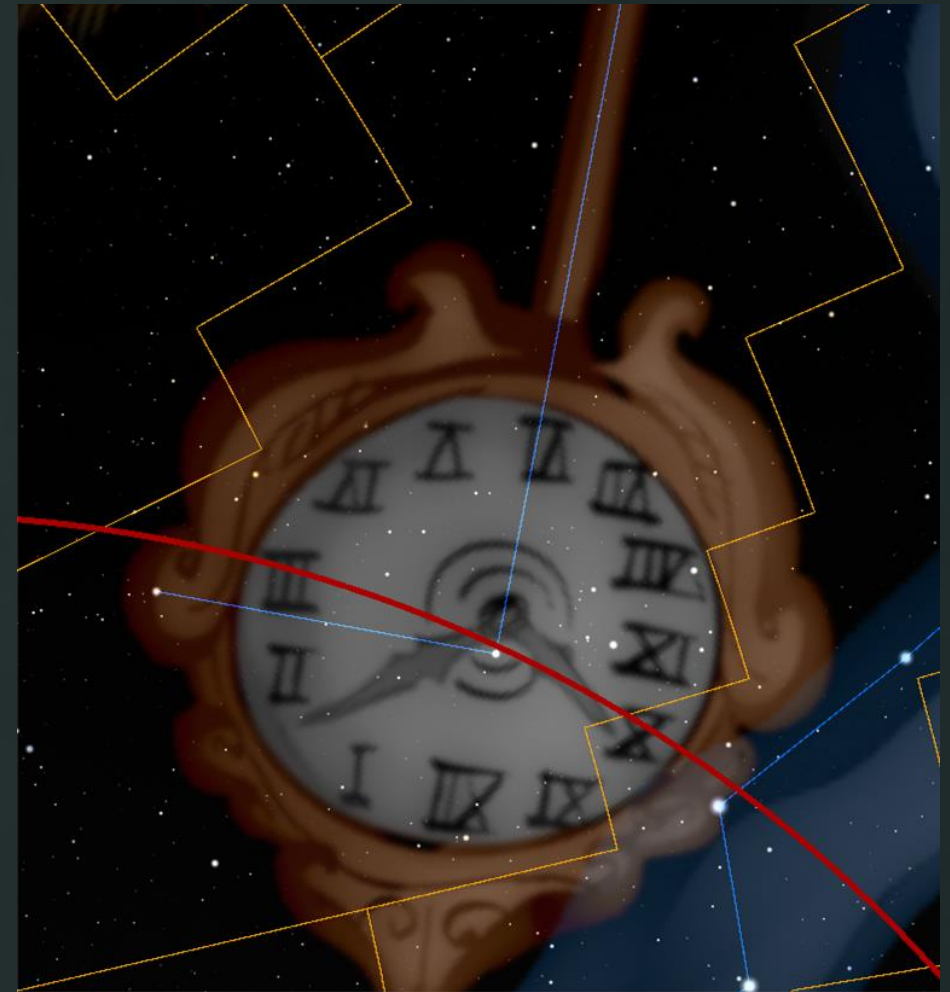

My Heart Dream

But shortly before this “heart sign” would be fulfilled, I received a dream on Nevis island. In the dream, Jesus told me that I had to inform His bride that He would not be able to come to the meeting point at that time.

I should write on the upper part of an alarm clock three times...

*With all my heart
With all my heart
With all my heart*

to inform His bride about the missed date.

Three Delays

What would the 3 times *With All My Heart* mean?
Was it just pointing to the 3 crosses that G3 would pass?

Let's think twice:

- ✓ I should write in the upper part of a specific alarm clock, which must be the Horologium.
- ✓ Three times Jesus would reassure His bride of His coming and apologize for His delay.
- ✓ **The missed date just meant a delay, not failed love!**
- ✓ We have seen so far 4 comets in the Horologium that have failed to show 3:13:43: BB, K2, E3, and G3.
 - **Could it mean that one of those 4 comets would NOT fail in the future?**

The μ of 2024/2025

On the K2 side in Orion, we had already considered a prolongation of the sign of the Son of man, also adding the signature of the Holy Spirit as the μ , a symbol for the Orion throne star Mintaka and the water of life.

We saw that the μ would be finished on June 21, 2025. Surprisingly, we realized later that this was just a couple of days before 3I/ATLAS would be discovered on July 1, 2025, on earlier photos even visible already near the end of June 2025!

While on Nevis between August 2023 and July 2025, I had produced several video series that were recapitulating many of our findings and even adding new teachings like the 2025/2026 Jubilee and deciphering of the two witnesses in Revelation 11.

On Nevis

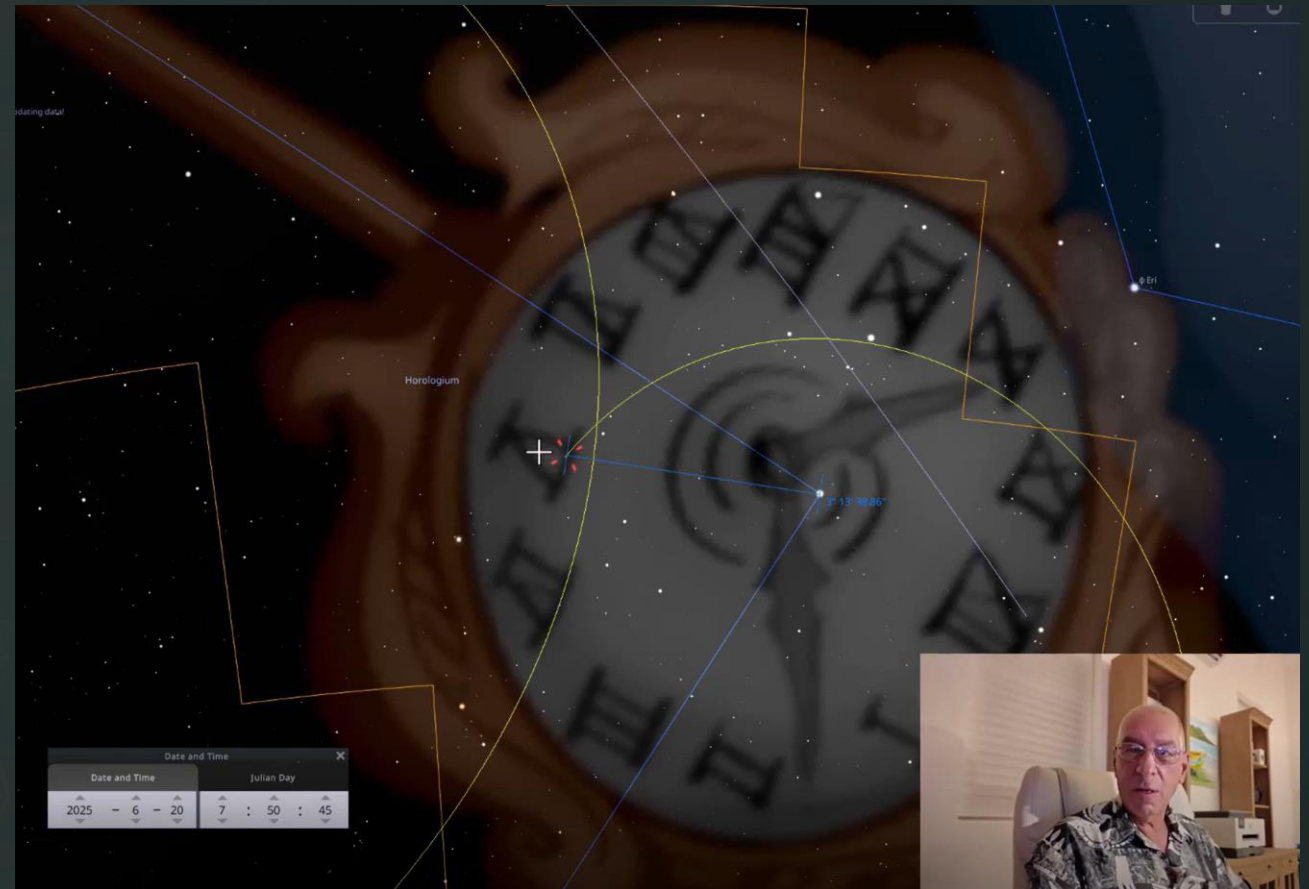

In one of those series, I have tried to decipher the 3:13:43 of our sister's dream and used the astronomical distance angles that E3 would reach while making its loops in the Horologium.

I could only use E3 because BB, K2, and G3 had left the Horologium forever. Only E3 is still turning loops there. Perhaps the Sign of the Son of Man would need to be researched further?

The Degrees

In this series, I showed that E3 would reach the distance of 3 degrees, 13 minutes, and 43 seconds to the center of the Horologium on June 20, 2025, perfectly coinciding with the end of the μ painted by K2 in Orion.

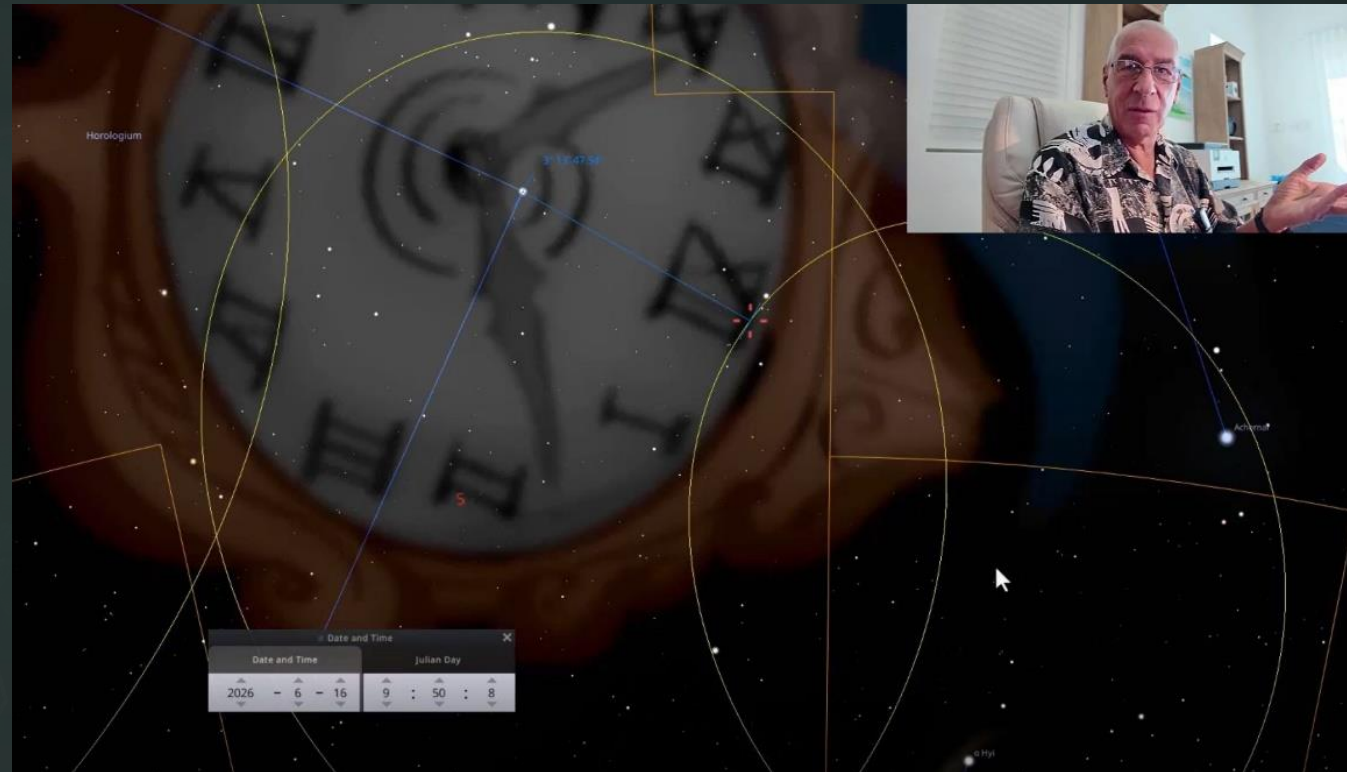

And indeed, something important happened but not the second coming but the “censer” of Revelation 8 appeared to humanity signaling the soon ending of grace.

The Other Possibility

About 1 hour 2 minutes into the second part of *The Boy Who Knows the Time*, I mentioned the “faint” possibility of E3 reaching one last time the 3:13:43 degrees in June 2026.

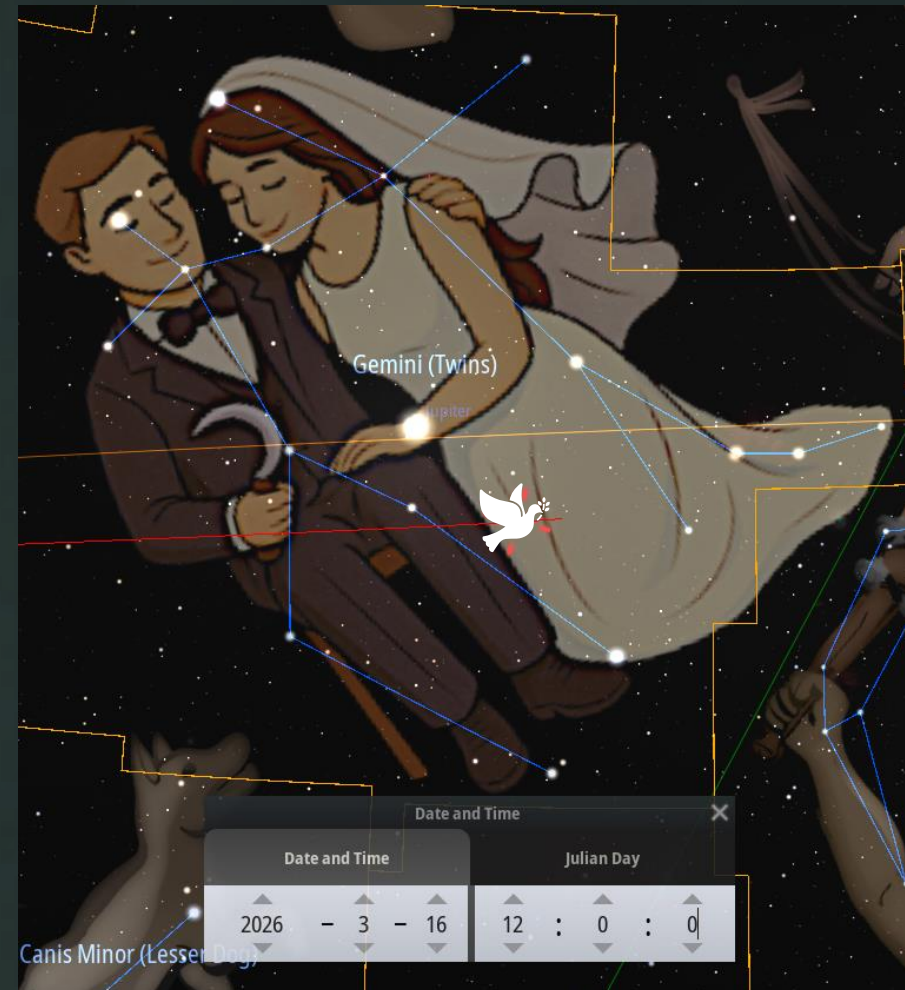

I had discarded this possibility because it would be out of the boundaries of the Jubilee year that would end on March 20, 2026.

The New Date of the Second Coming

There is no doubt, 3I/ATLAS is indeed a clock hand of God Father, and the signatures of Alpha, Omega and Mu have pointed all to its appearance.

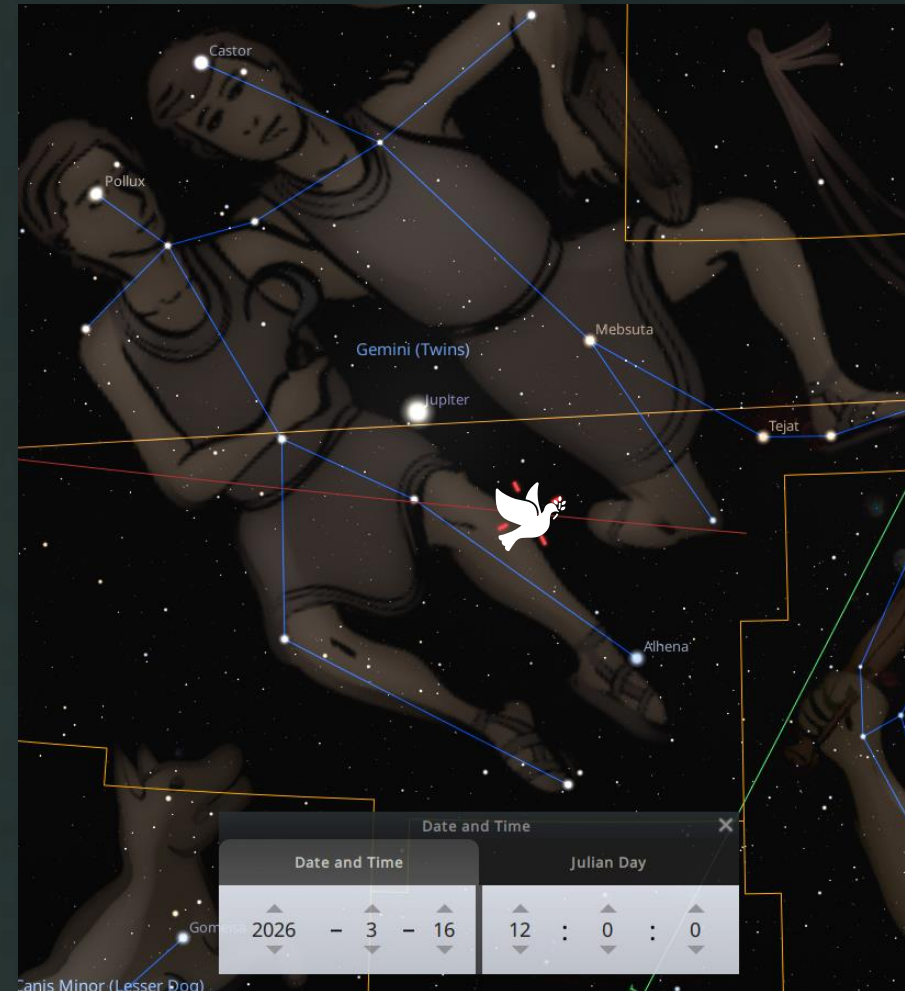

3I/ATLAS reaches the King planet Jupiter on March 16, 2026, in the marriage constellation of Gemini and this is our new rapture date analyzed and preached in the last Sabbath sermons and teaching videos.

Other Witnesses?

ONE WITNESS SHALL NOT RISE UP AGAINST A MAN FOR ANY INIQUITY, OR FOR ANY SIN, IN ANY SIN THAT HE SINNETH: **AT THE MOUTH OF TWO WITNESSES, OR AT THE MOUTH OF THREE WITNESSES, SHALL THE MATTER BE ESTABLISHED.** (DEUTERONOMY 19:15)

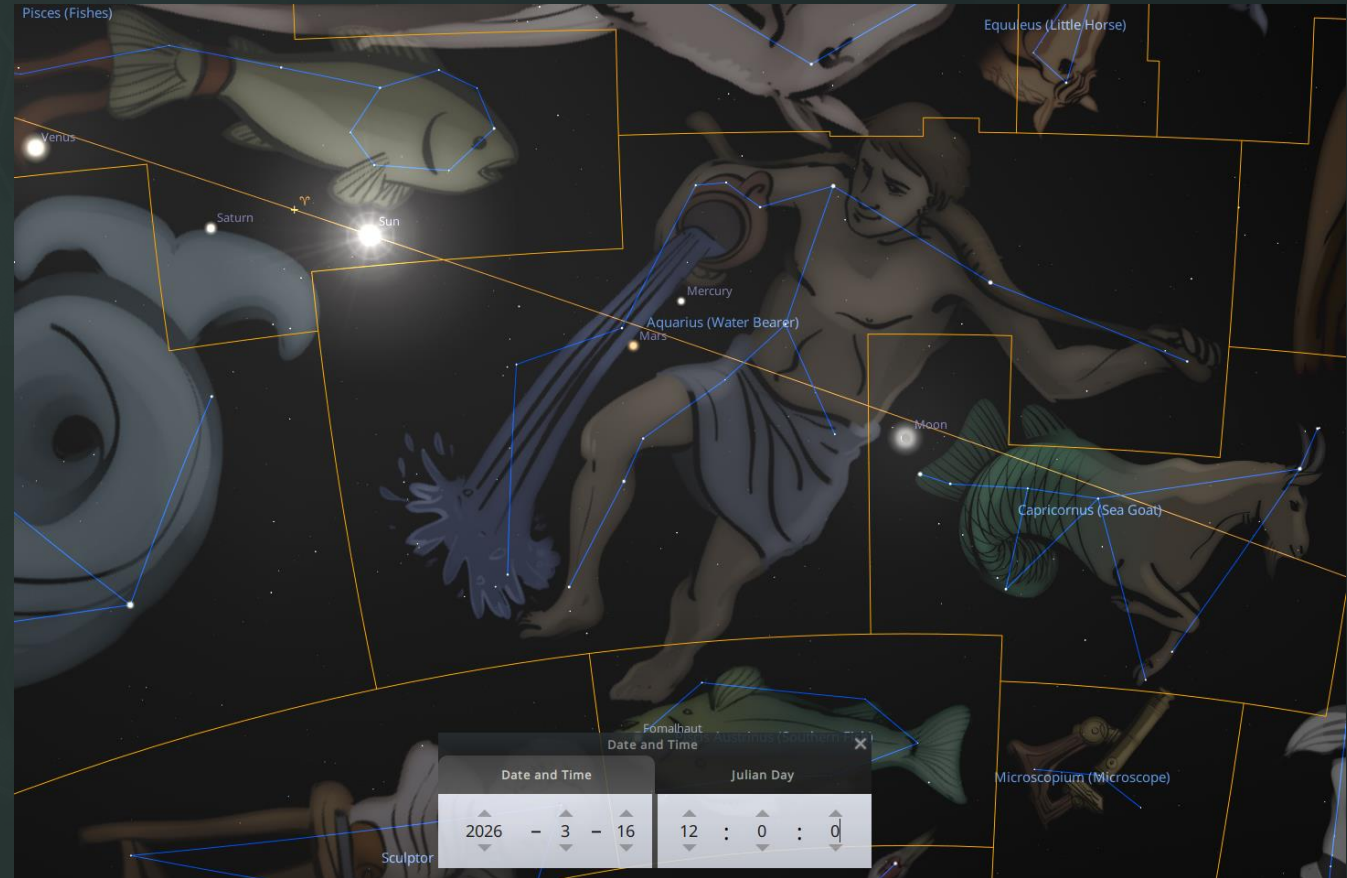

We must check again: Is this 3:13:43? Are there other witnesses to this date than Jupiter, 3I/ATLAS and the twins of Gemini?

The Great Lights

AND GOD SAID, LET THERE BE LIGHTS IN THE FIRMAMENT OF THE HEAVEN TO DIVIDE THE DAY FROM THE NIGHT; **AND LET THEM BE FOR SIGNS, AND FOR SEASONS, AND FOR DAYS, AND YEARS:** AND LET THEM BE FOR LIGHTS IN THE FIRMAMENT OF THE HEAVEN TO GIVE LIGHT UPON THE EARTH: AND IT WAS SO. **AND GOD MADE TWO GREAT LIGHTS; THE GREATER LIGHT TO RULE THE DAY, AND THE LESSER LIGHT TO RULE THE NIGHT: HE MADE THE STARS ALSO.** (GENESIS 1:14-16)

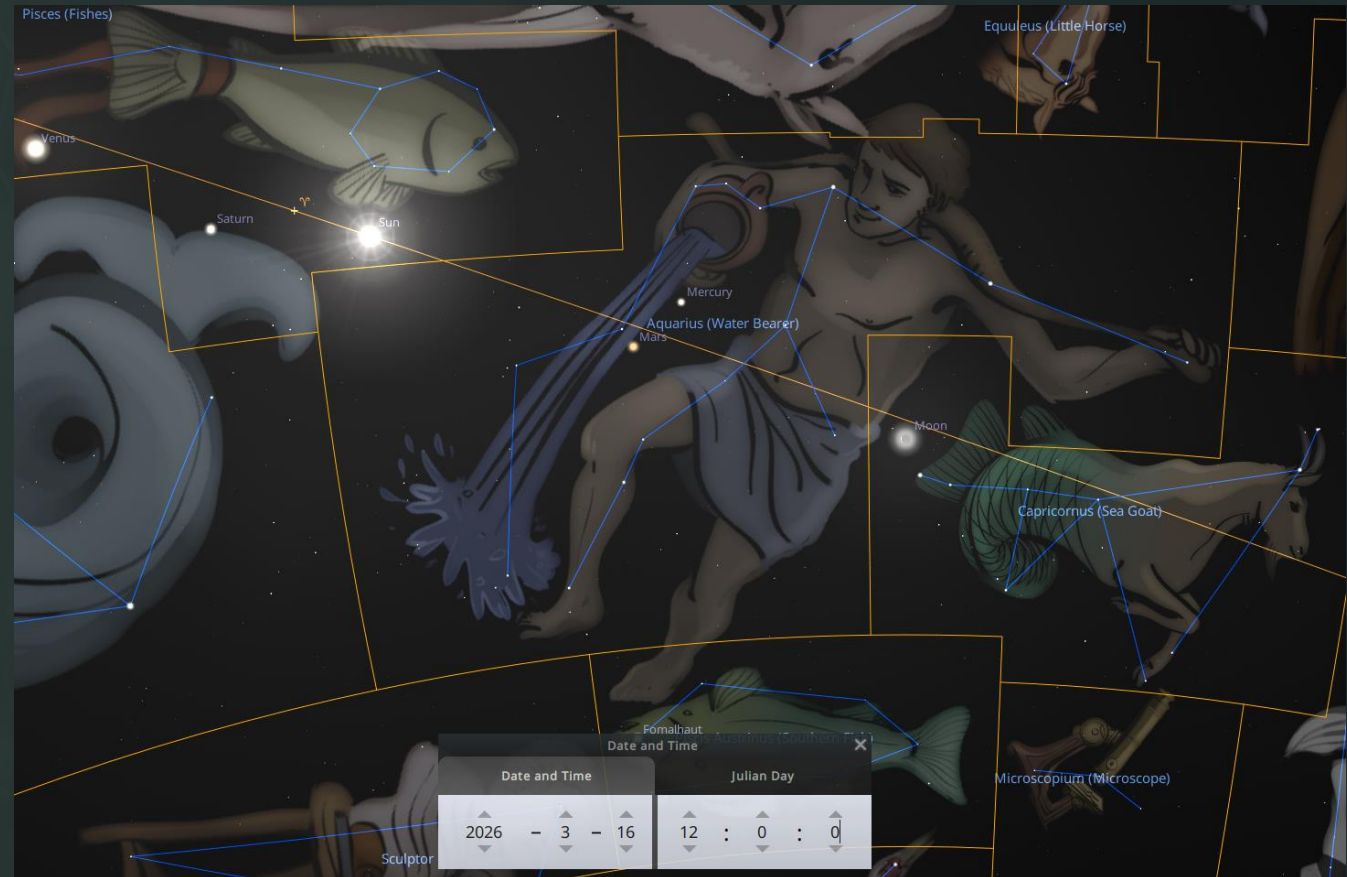

The two great lights of the fourth day of Creation are God Father's most important witnesses. Are they showing 3:13:43?

The Bridegroom Pointer

THEIR LINE IS GONE OUT THROUGH ALL THE EARTH, AND THEIR WORDS TO THE END OF THE WORLD. **IN THEM HATH HE SET A TABERNACLE FOR THE SUN, WHICH IS AS A BRIDEGROOM COMING OUT OF HIS CHAMBER, AND REJOICETH AS A STRONG MAN TO RUN A RACE. (PSALMS 19:4-5)**

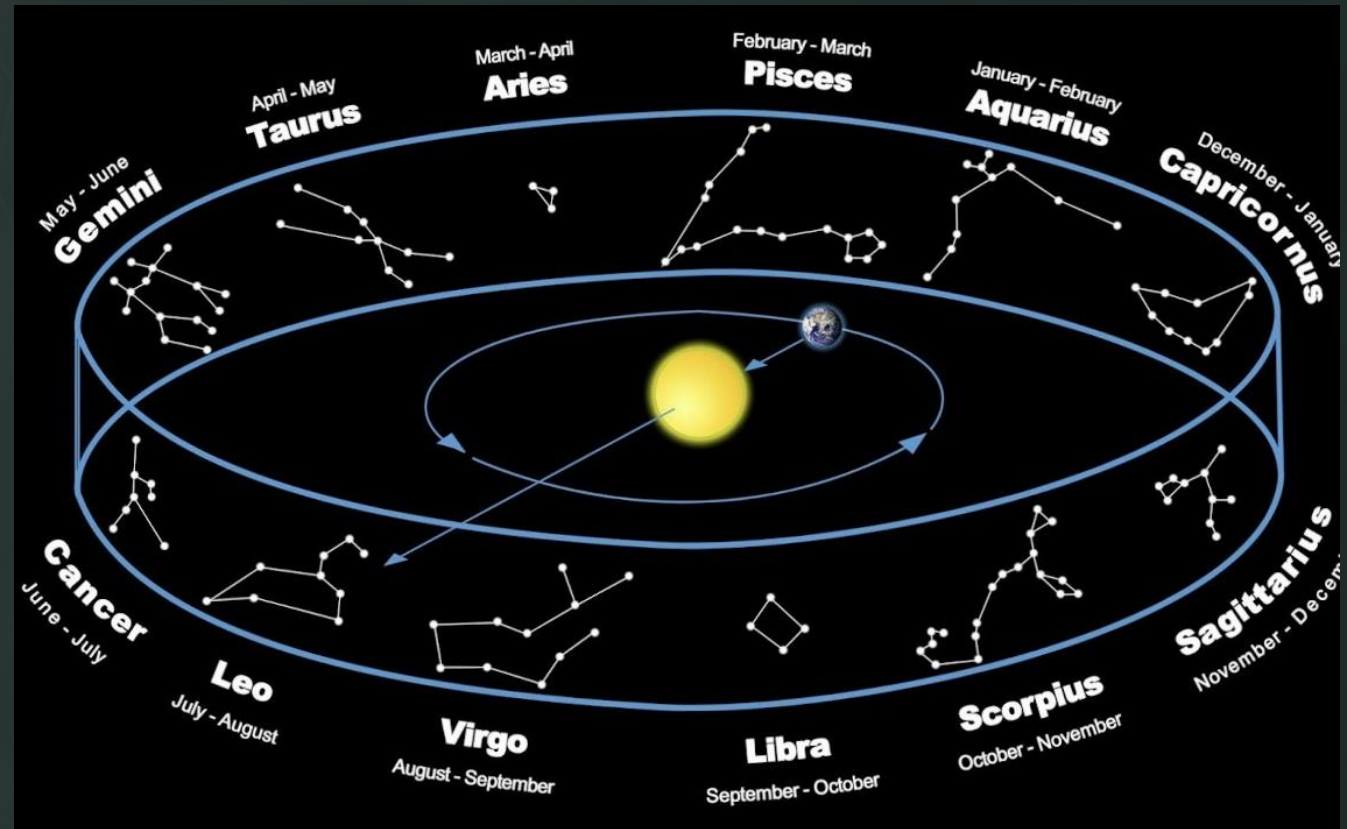

For years, we understood the sun as the hour, and the moon as the minute pointer of the clock of God Father, the Mazzaroth.

The Sun's Hour

The Mazzaroth has four cardinal constellations as a clock has four main hour markers for 12, 3, 6, and 9 o'clock.

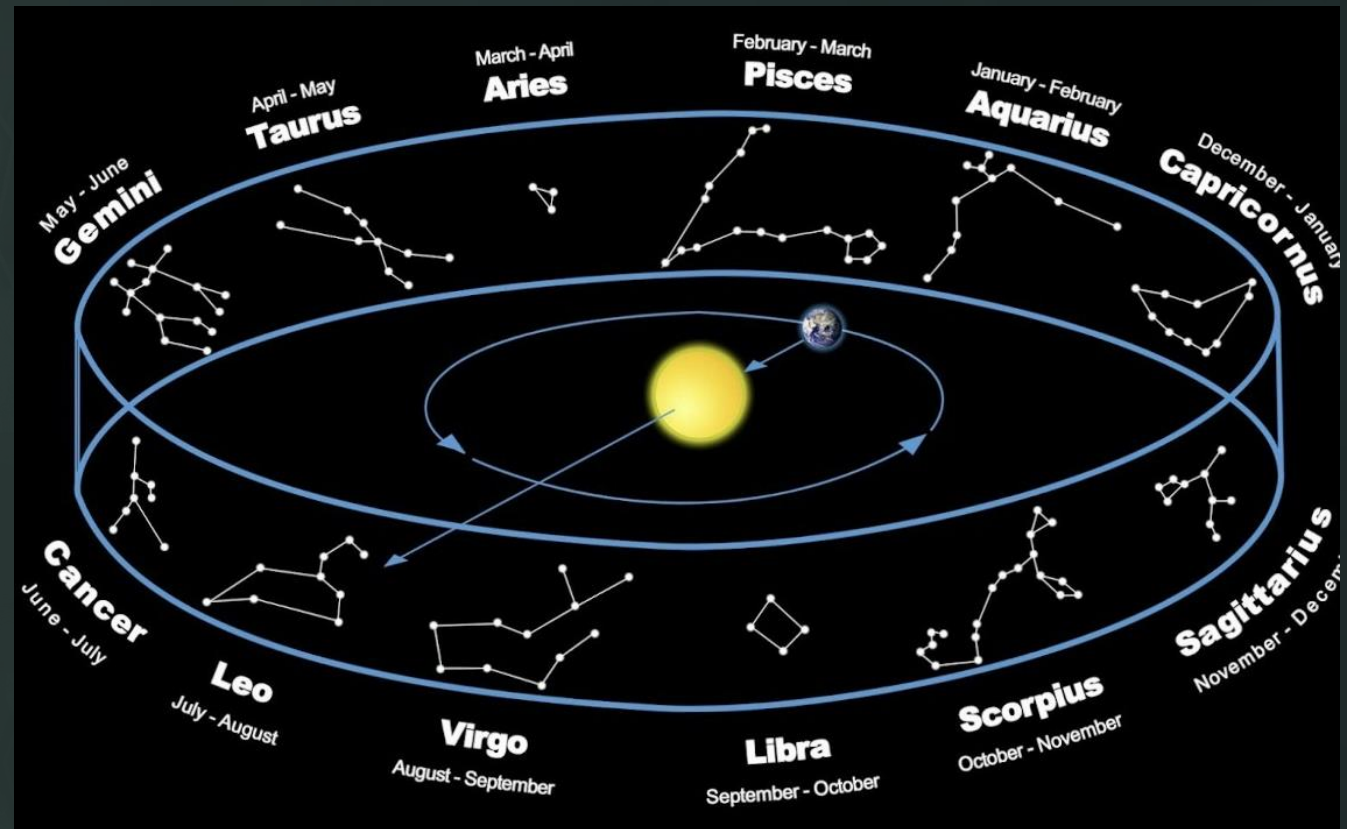

Those are Leo, Scorpio (Eagle), Aquarius, and Taurus.

Biblical Proof

AND BEFORE THE THRONE THERE WAS A SEA OF GLASS LIKE UNTO CRYSTAL: AND IN THE MIDST OF THE THRONE, AND ROUND ABOUT THE THRONE, WERE FOUR BEASTS FULL OF EYES BEFORE AND BEHIND. **AND THE FIRST BEAST WAS LIKE A LION, AND THE SECOND BEAST LIKE A CALF, AND THE THIRD BEAST HAD A FACE AS A MAN, AND THE FOURTH BEAST WAS LIKE A FLYING EAGLE.** (REVELATION 4:6-7)

At the center of our solar system, we see the Bridegroom, symbolized by the sun. While the earth circles the sun it passes in one year through the 12 constellations. The order of the cardinal constellations is given in Revelation and begins at Leo.

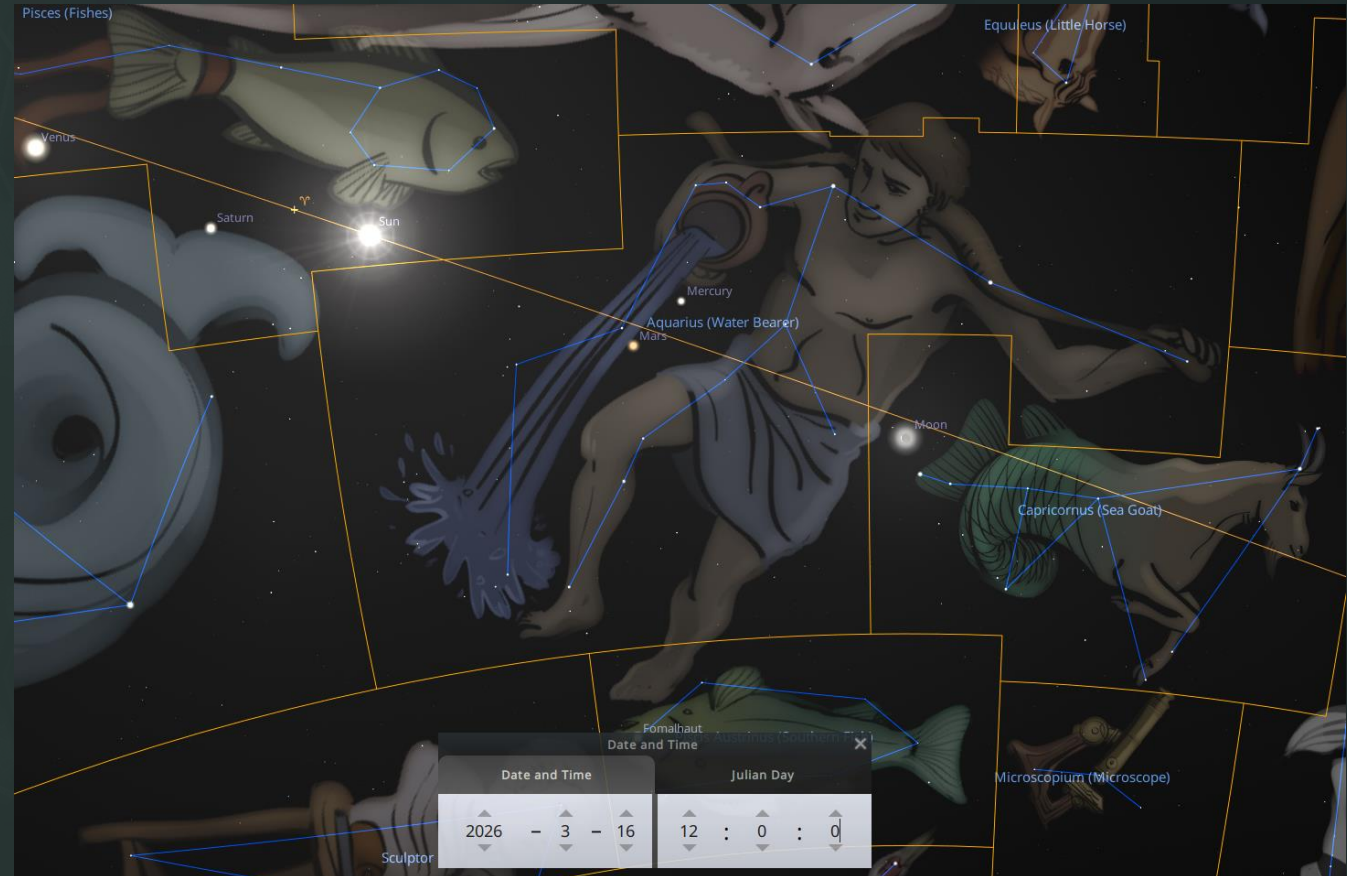

After 3 O'clock

The Bible associates Aquarius with the third beast, and therefore with the cardinal clock number 3.

On our new rapture date, the sun already has passed from Aquarius to Pisces, but not much.

3 o'clock has passed, and so it has in the dream hour of 3:13:43.

Another View of 3 O'Clock

We understood the Cross of Jesus at the winter solstice point as “noon” when the sun was there on December 21, 2025.

This gives us the same count of “after 3 o'clock” according to the constellations since “noon”.

The Moon “Minutes”

The moon should show “after 13 minutes” because we also must account for the 43 seconds.

As on a modern digital clock in 24-hour format, we could also number onwards after “noon”, and then the moon stands indeed in the last stretch of the 14th “minute” after the 13th.

The Moon Rounds

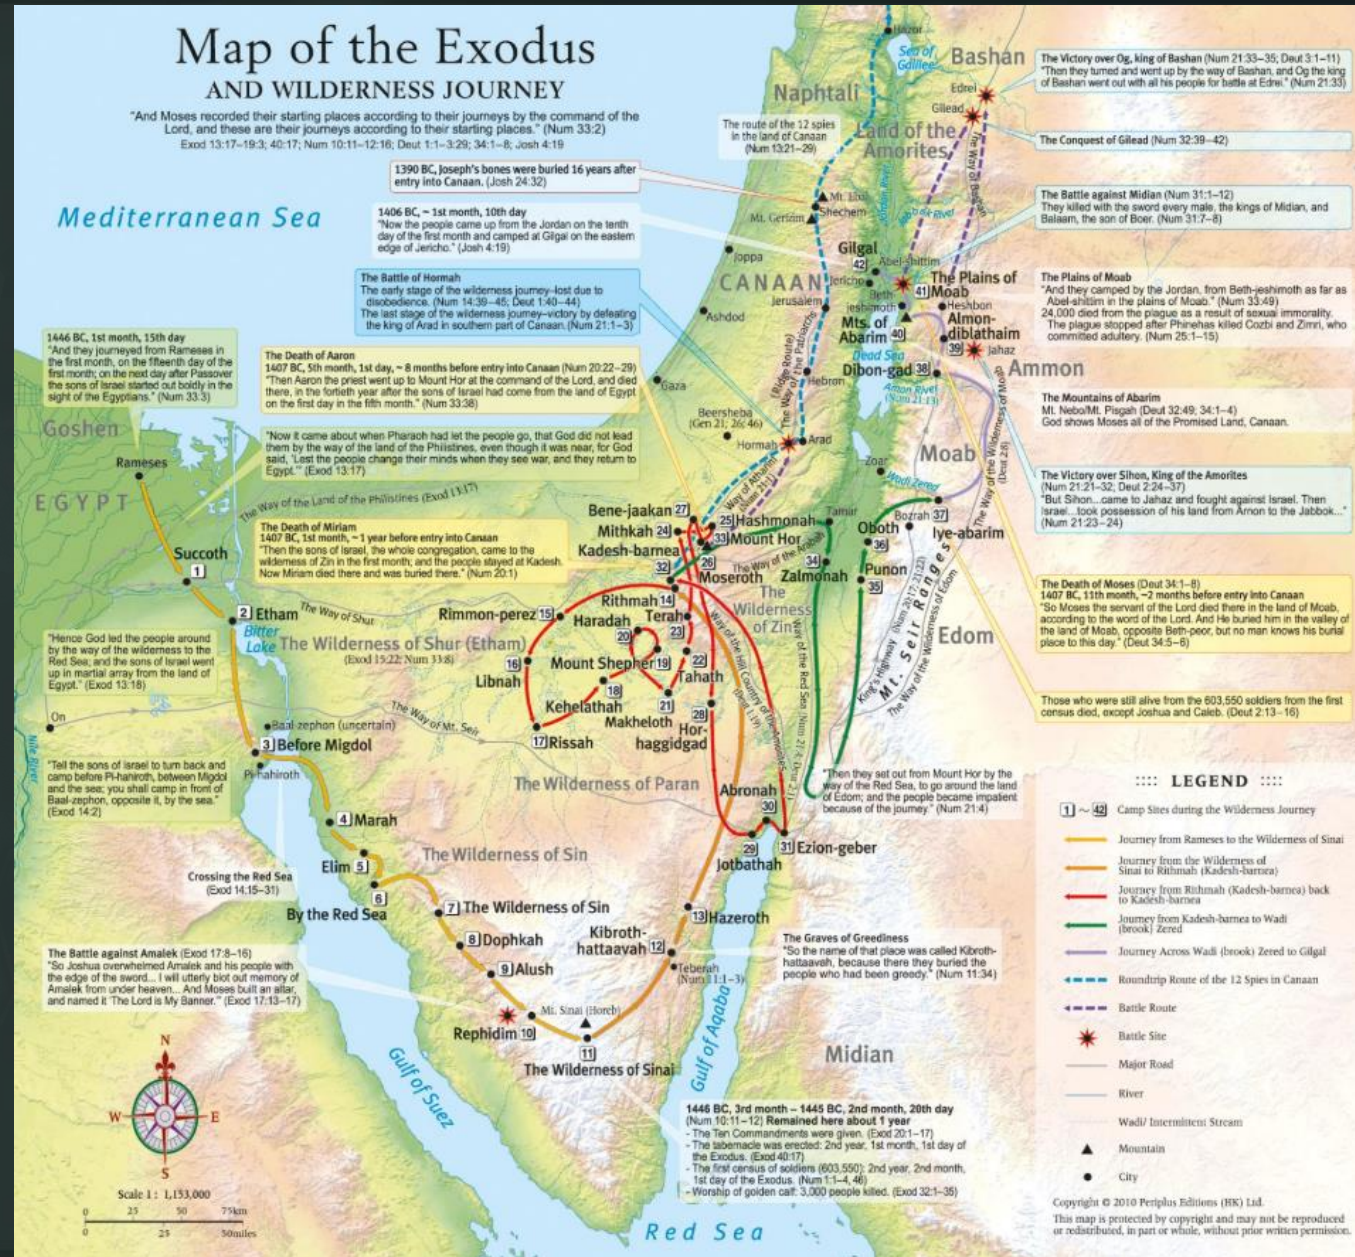

As incredible as it sounds, but indeed the moon by March 16, 2026, will be in its 14th round counted from the Cross since the round when the Jubilee began on March 30, 2025 (biblical inclusive count).

So, it will have passed its 13th cycle on March 11/12, 2026.

The 43 Seconds

The number 43 is highly symbolical! The Israelites camped in 42 camps in their wilderness wandering before taking the city of Jericho. The 42nd camp had been in Gilgal after crossing Jordan to the other side. Taking Jericho is “43” and stands for the saints entering the Holy City in heavenly Canaan.

The Water Bearer

Aquarius is the water bearer and pours the bucket of the great river Jordan. Sun and moon are standing in two constellation parts that represent fish (Christians), east and west of “Jordan”, as it was in the days of Moses.

The tribes of Reuben, Gad, and the half-tribe of Manasseh had received their land inheritance east of the Jordan River (Transjordan).

(See Numbers 32; Deuteronomy 3:12–20; Joshua 13:8–33).

The Dead and Living in Christ

The sun being the “western” part represents the many who died in Christ (the laying fish of Pisces) that will resurrect in the first resurrection.

The moon stands for the smaller number of the living bride of Christ, the 144,000 who will not see death. They (in the fish tail of Capricornus, the goat for God) have overcome the devil (the scapegoat part of Capricornus).

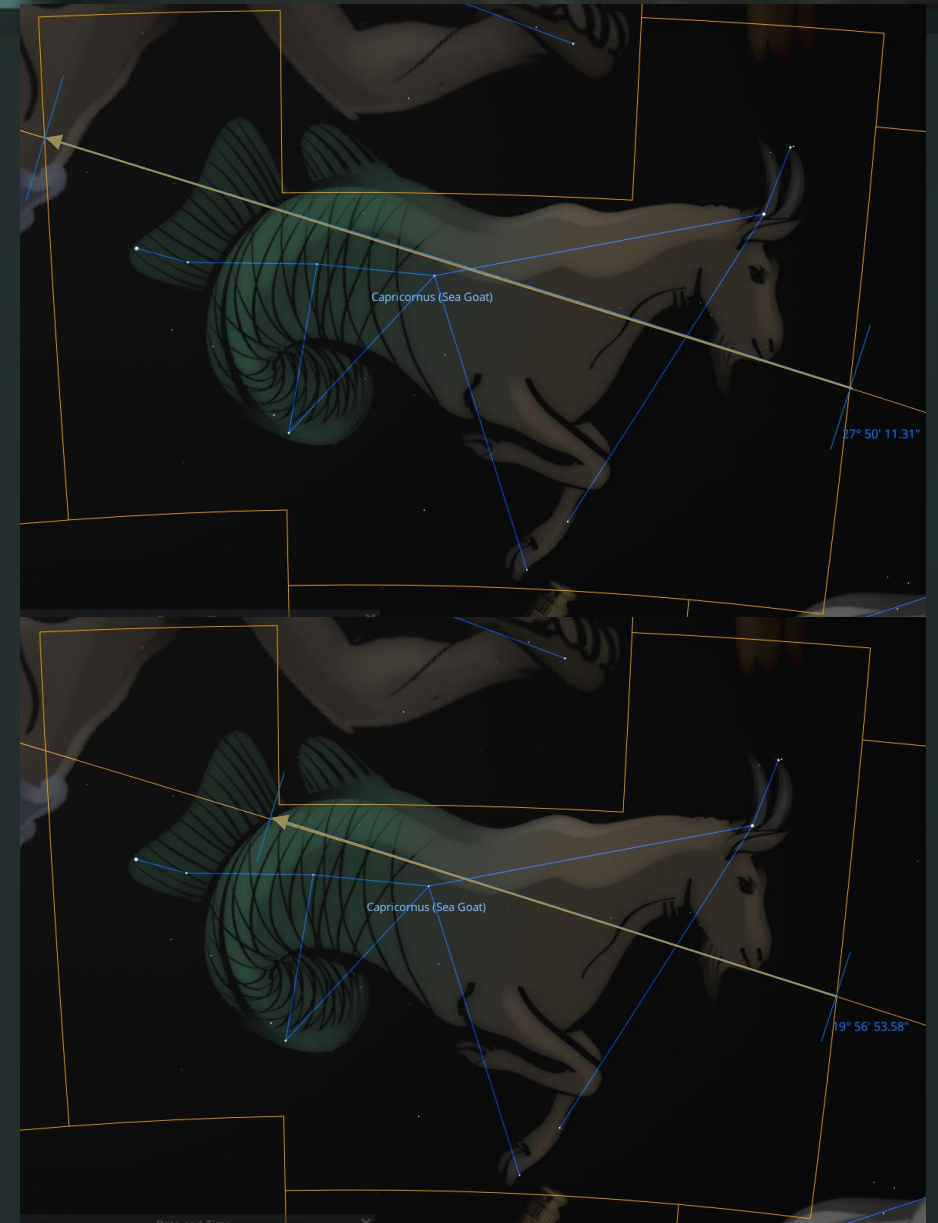

(See Numbers 32; Deuteronomy 3:12–20; Joshua 13:8–33).

The Moon “Seconds”

If we understand a constellation’s boundaries as 1 minute, then it is easy to use the angle tool to measure which angle distance in Capricornus would represent the 43 seconds.

The calculation summarized:
If $27^{\circ} 50' 11.31''$ is 60 seconds
then 43 seconds are $19^{\circ} 56' 58.25''$.

Confirmed! We come to the fish tail of the male goat, the goat for God.

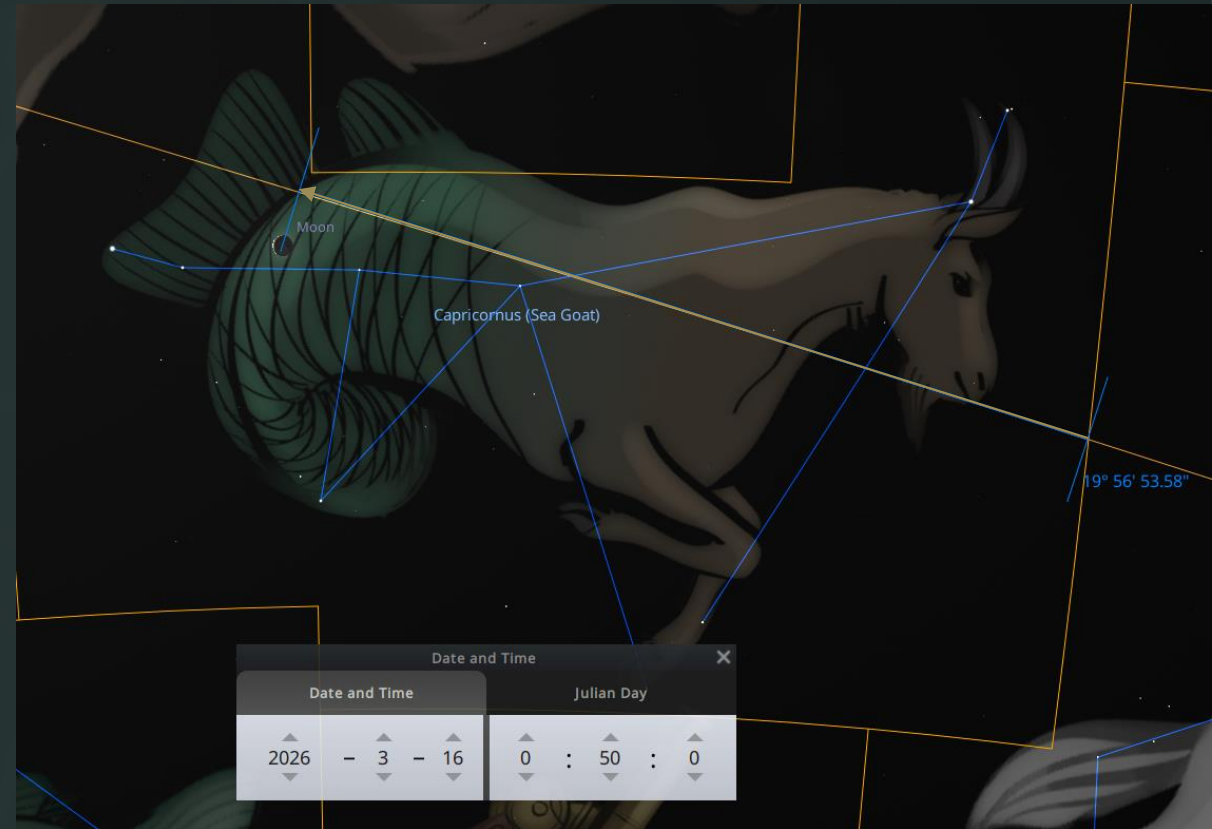

The Midnight Hour Rescue

Moving the moon to the exact 43 second point in Capricornus, we not only see March 16, 2026, confirmed but also the midnight hour according to the Paraguayan time zone.

From The Great Controversy (1911 edition, p. 636, chapter "God's People Delivered"):

"It is at midnight that God manifests His power for the deliverance of His people. The sun appears, shining in its strength. Signs and wonders follow in quick succession. The wicked look with terror and amazement upon the scene, while the righteous behold with solemn joy the tokens of their deliverance."

The Boy in the River

We should ask the question:
Why was our sister's dream
pointing to the Horologium and
a certain boy near it in the
heavenly river "Eridanus" who
told her the time?

Shouldn't then the Horologium
show us the time of the
second coming, as well?

Who's the Boy?

In the dream, the first person asked for the time was Orion who refused to tell it, simply because the Orion clock does not show or witness the time of the second coming. Our sister had to go some steps down and would then meet the “boy” in the direction of the Horologium.

As already shown in the video series, the “boy” is none other than Jesus Himself, symbolized by Phaeton in the river Eridanus, an important scene in the sign of the Son of man.

Jesus is shown under the waters at His baptism scene when the dove of the Holy Spirit descended upon Him.

**Only those baptized with the Holy Spirit
would finally understand the Time!**

Remember!

Do you remember that we already excluded comets BB, K2, and G3 as possible clock hands?

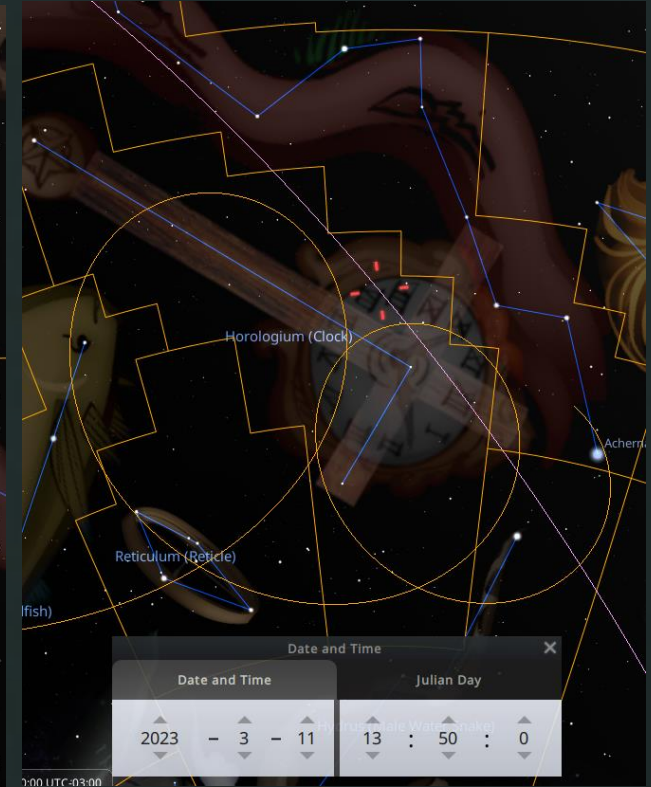

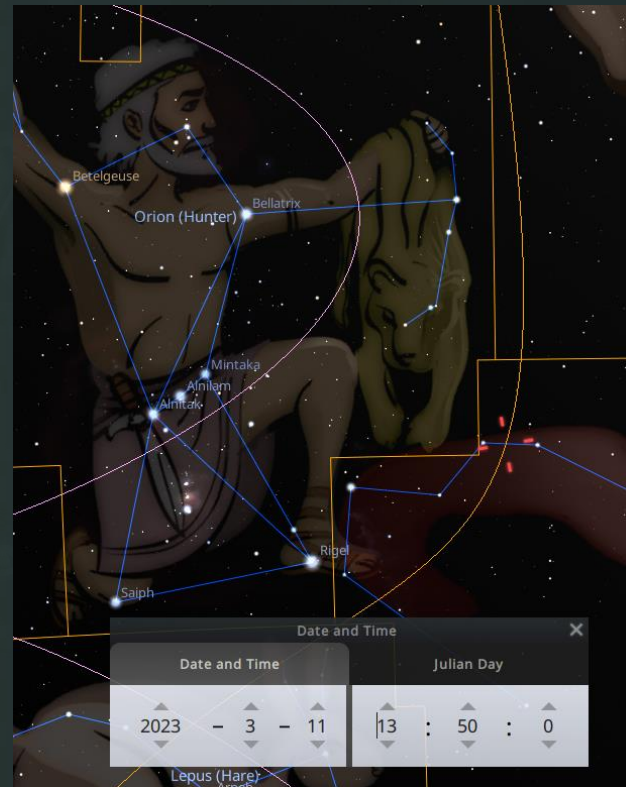

But we didn't exclude E3, which is still turning loops in or near the Horologium. (I had even pointed to June 2026 when the last angle measured from the Horologium center would fit.)

How Many Loops to the Rapture?

Do the rough calculation. How many years would E3 need from the beginning of the sign of the Son of man on March 11/12, 2023, until it would reach March 16, 2026?

It would be a couple of days after the 3rd year!

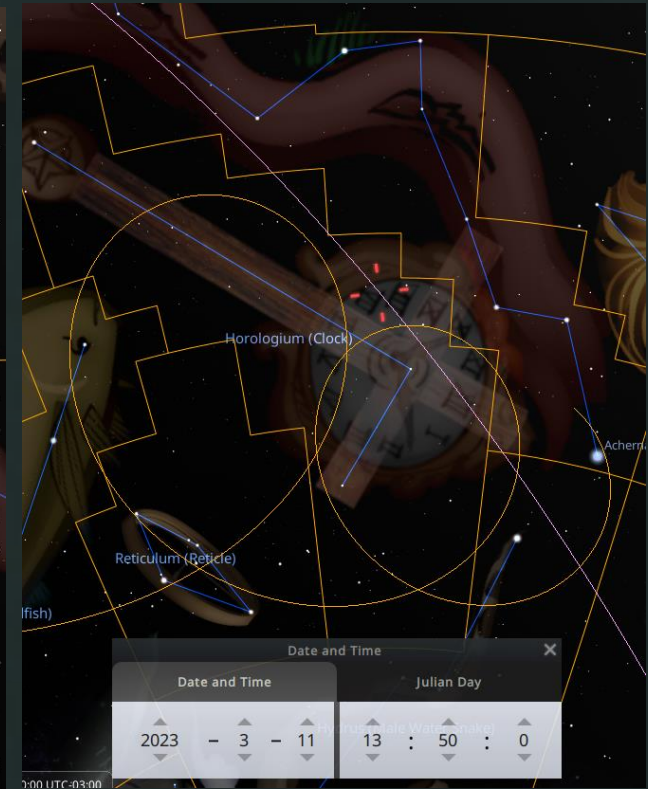

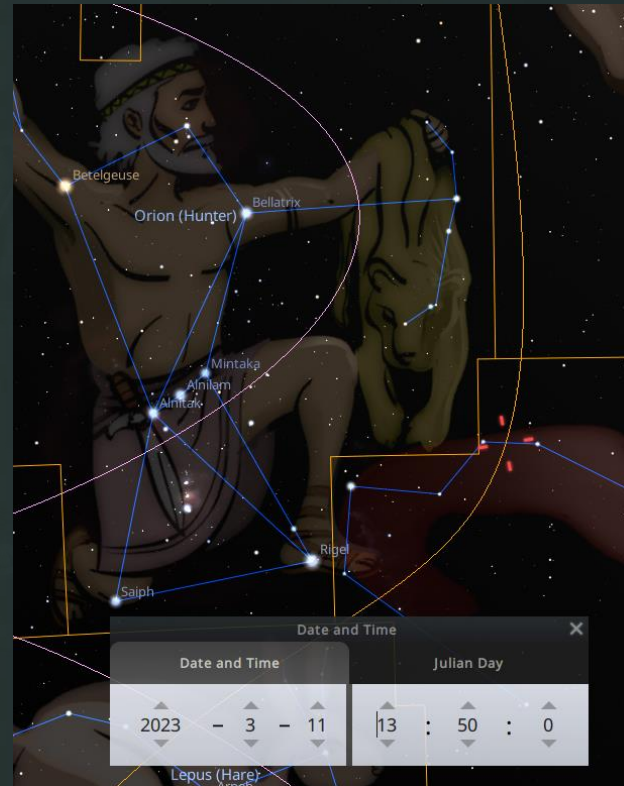

Would the Son of Man Know the Hour?

Look attentively at where E3 was on March 11/12, 2023!

On the Orion side, E3 just crossed river Eridanus while K2 on the Horologium struck 7 hours (7 being the number of the Lord of the Sabbath).

The River of Time, Eridanus, should show the beginning of the count, and so “Phaeton” would know it!

Where is E3 on March 16, 2026?

As incredible as it seems, E3 again crosses the river Eridanus at the very rapture date.

It all began with it crossing Eridanus near Orion, and it all ends with it crossing Eridanus for the first time again after more than 3 (!) years!

Achernar, The End of Time

E3 crosses Eridanus very near the star Achernar.

The name Achernar (the brightest star in the constellation Eridanus, also known as Alpha Eridani or α Eri) comes from the Arabic phrase آخر النهر (ākhir an-nahr), which translates to “the end of the river.”

Eridanus is the River of Time, therefore this star name translates prophetically to “The End of Time”.

Achernar, The 43rd Second

As it was with our Mazzaroth witnesses (sun and moon), we have a river crossing as the second clock hand of the dream time.

Therefore the “boy” in the river now knows the 3 hours and the 43 seconds.

But how does he know the 13 minutes?

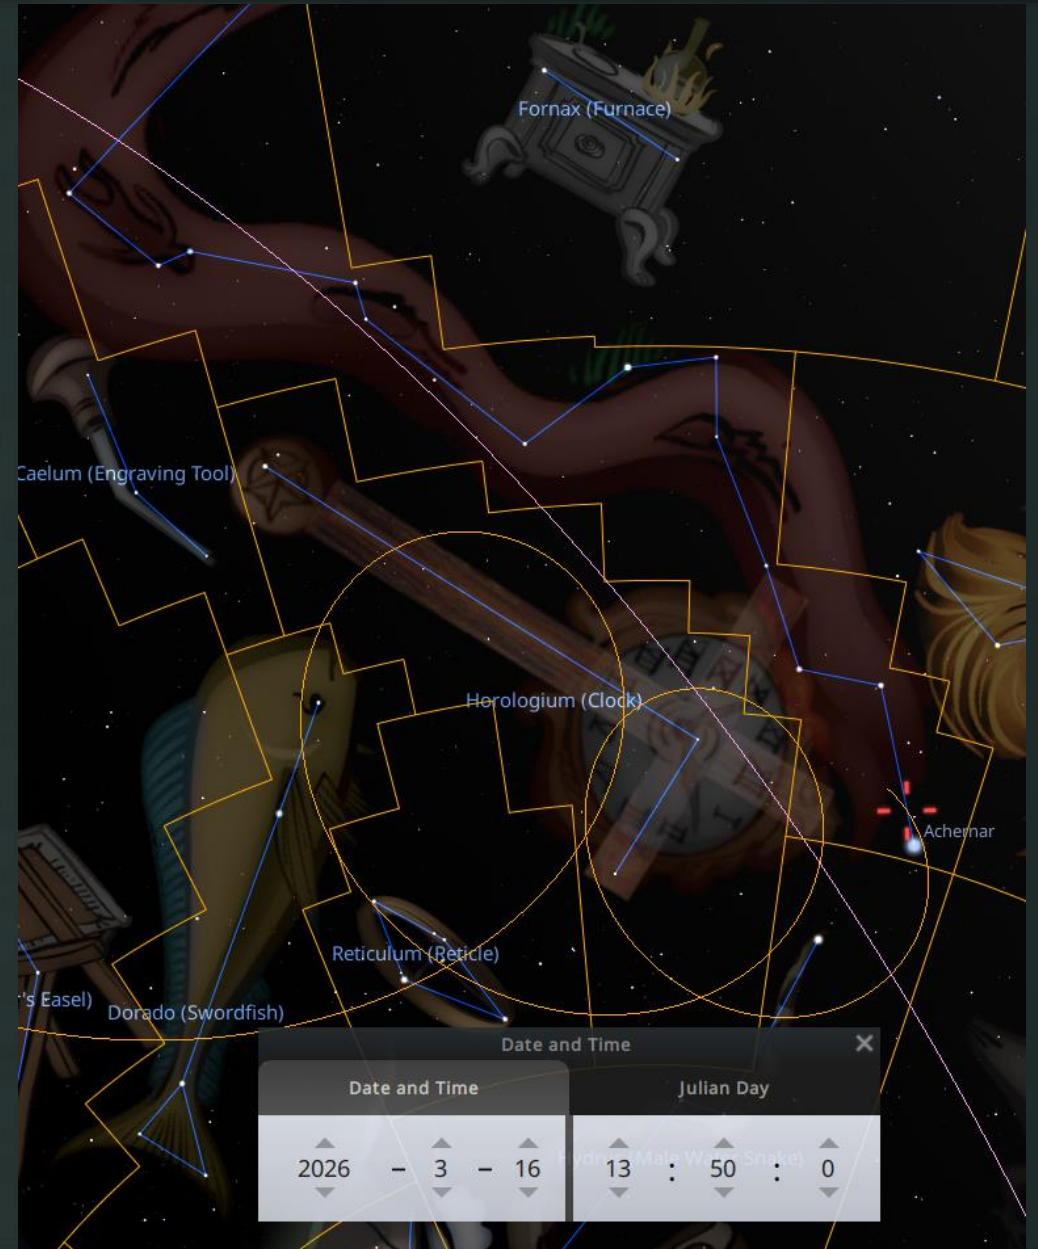

The 13 Minutes

Comet K2 was bringing the “boy” inside of the belly of the great fish and gave him a prominent position in the sign of the Son of man.

Our sister asked the boy for the time and especially the minutes were corrected from 10 to 13.

The “boy” knew the minutes as well! HOW THAT?

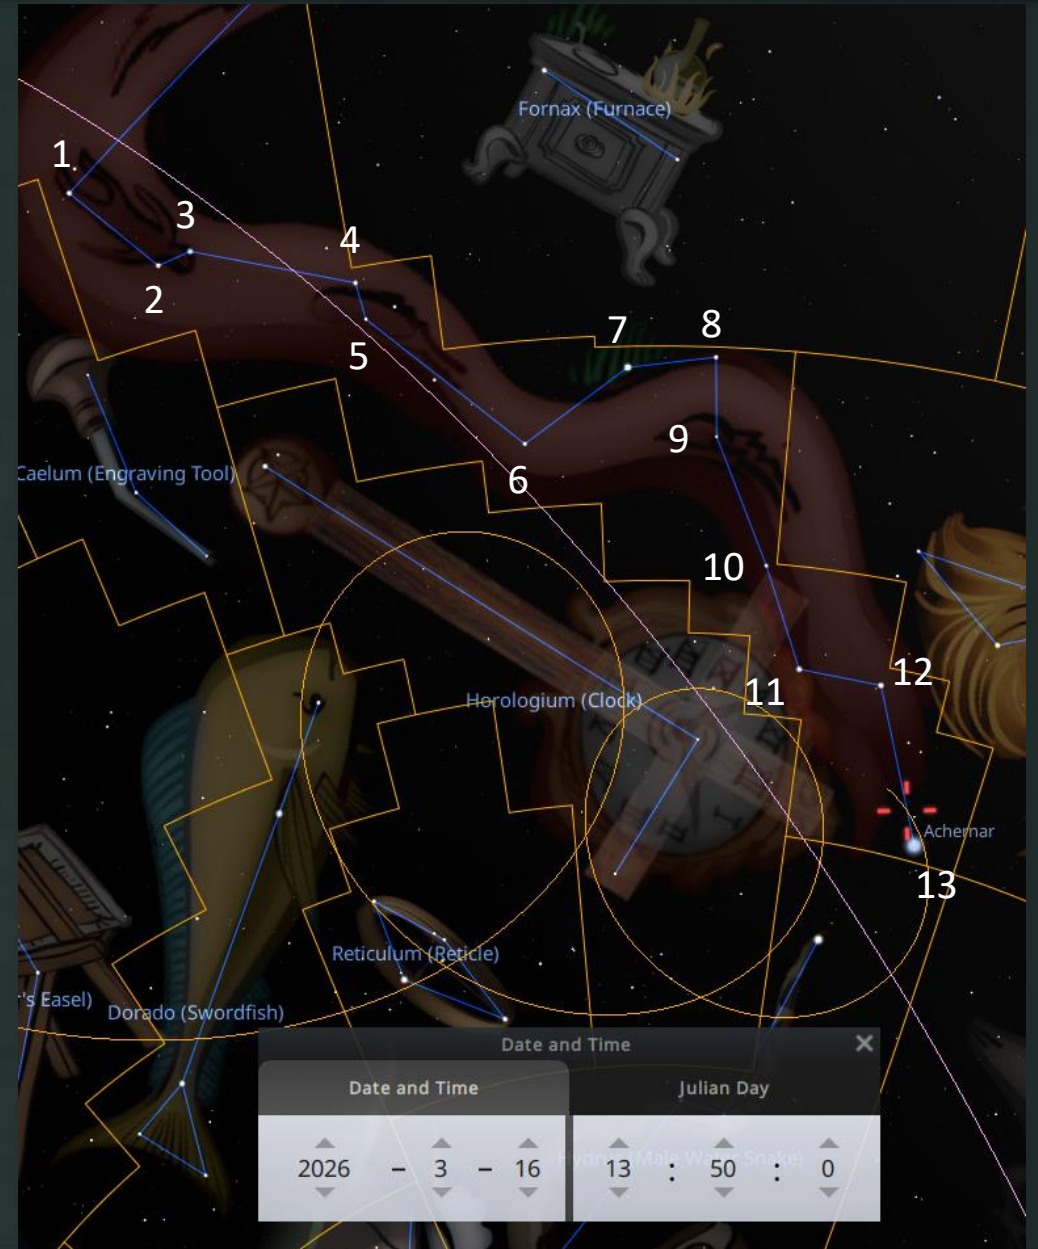

Waking Up

“... once again, I asked a boy and he told me it is 3:13 and 43 seconds, and in that moment, I woke up.”

Count the connecting stars from the “boy” to Achernar along the River of Time...

Yes, the “boy” knows the hour, the minute, and the second. We searched the Horologium for years, but indeed it is the “boy” in the River of Time who knows the time of Jesus’ second coming and the first resurrection when all the sleeping saints will **wake up**.

Now our sister in Christ who lost her husband in the long wait, also knows the time. Jesus gave her this dream to comfort and reassure her that she will soon meet her husband again “in the air”.

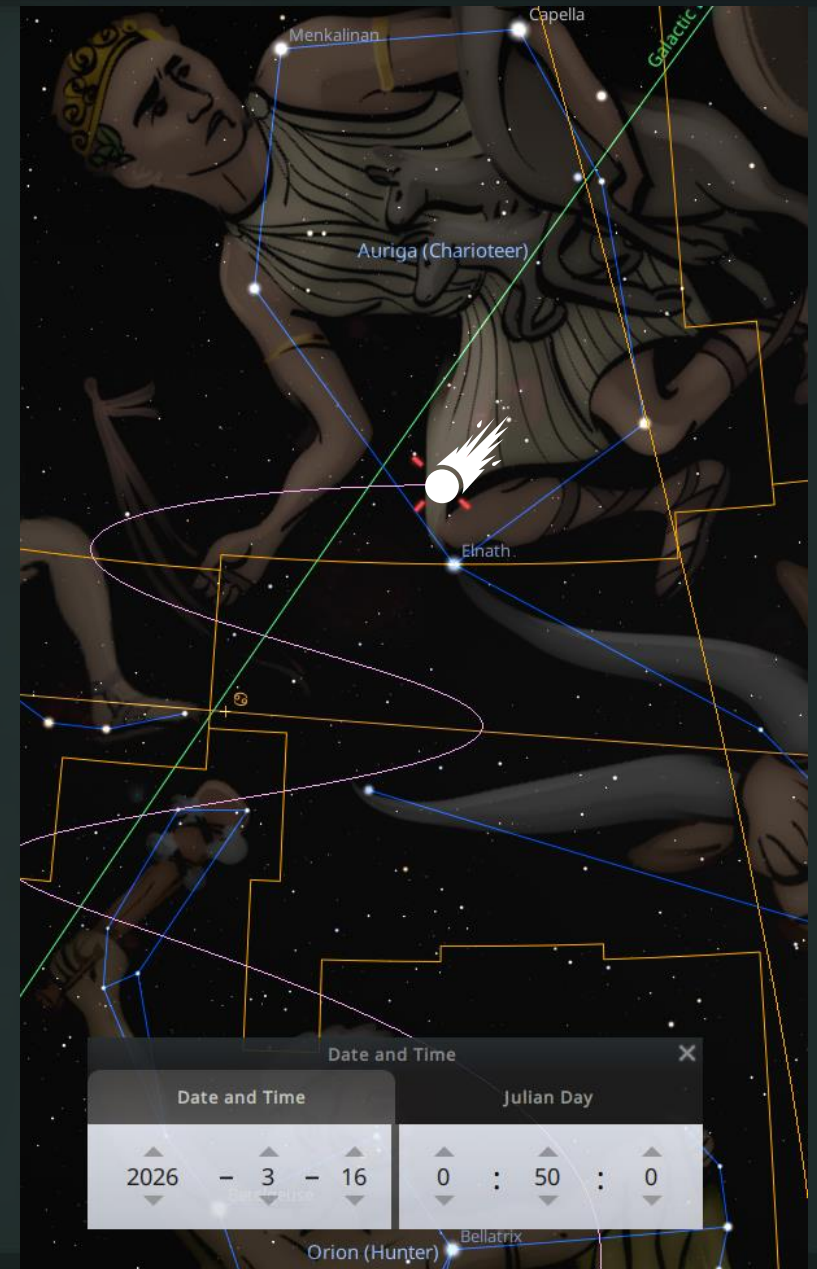

The Wheel of God

On the other side of the sign of the Son of man, we recognize that by the rapture date, K2 has entered the star line boundaries of the Auriga constellation.

This constellation is directly connected to the Phaeton myth, and biblically it signifies the chariot of God that had once raptured Elijah. This time, it will take all the redeemed to the Holy City.

This is the true end of the sign of the Son of man on both ends!

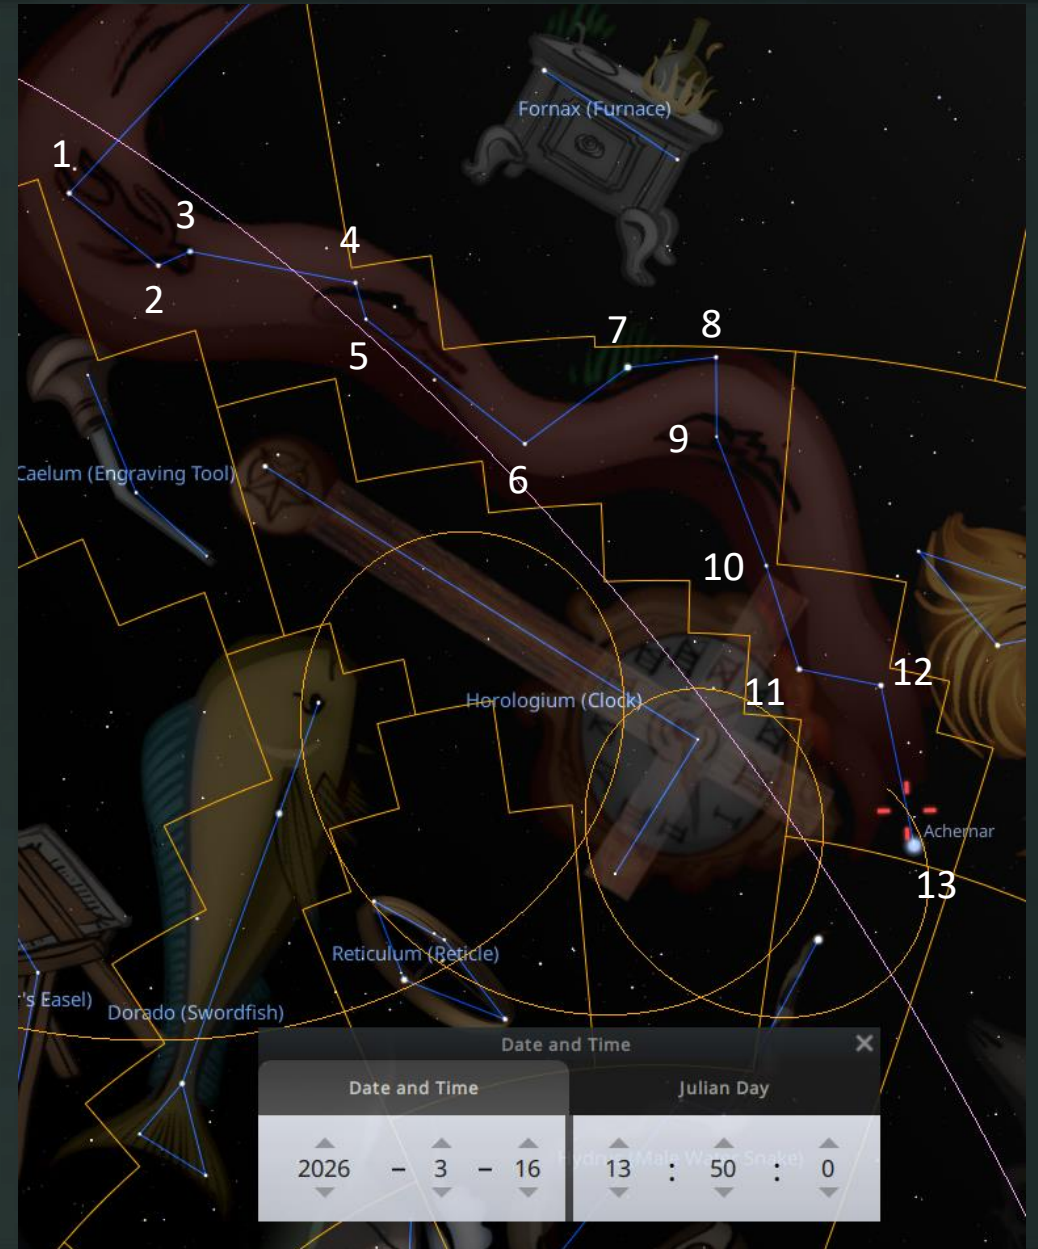

Three Witnesses

... **AT THE MOUTH OF TWO WITNESSES, OR AT THE MOUTH OF THREE WITNESSES, SHALL THE MATTER BE ESTABLISHED.** (DEUTERONOMY 19:15)

The matter is established. Three witnesses have spoken the same time.

- ✓ 3 for the Father, the Son, and the Holy Spirit.
- ✓ 13 for the end of the covenant (12) and a new beginning (+1).
- ✓ 43 for crossing Jordan and reaching the Holy City in heavenly Cannan.

Not Seven Years!

In Orion's clock, one hour is 7 years, but in the dream, Orion would not tell the time. With the “boy in the River” representing the sacrifice of Philadelphia, the time is 3:13:43, confirming the shortening of time with the three months that we prayed for on the Foundation Feast of December 16, 2025!

Our sister saw **two keys on one ring**. We did two key prayers in this ministry. One for more time on October 19, 2016, and one for the shortening on December 16, 2025.

King Hezekiah was asked if he would rather see the clock going forward 10 steps or backwards. When we asked for more time for the sealing of the 144,000, God's clock went backwards 10 years, and so we had to endure 10 years until 2026. This is how God made us a **sealing ring**.

Then we saw the danger and horrors of the time of Jacob's trouble that could take between 7 and 10 years according to 3I/ATLAS' trajectory out of the solar system. This time, we prayed for the shortening of time which would allow for only 3 months instead of 7 or 10 years.

God is Time!

In my dream on Nevis, I had to write three times on the upper part of the alarm clock: *With all My Heart*

God is Love!

Three heavenly witnesses confirmed to us that also our recent prayer in which we offered our eternal lives—as Moses and Paul once did—has been heard.

Will you go out and testify for God, with all **YOUR** heart, that He is Love, or would you insist that suffering must go on for seven long years? Choose wisely!
